ISRAEL ZANGWILL, the noted Jewish writer, says not since Jesus Christ's trial and alleged conviction has the sympathy of the entire world turned toward one man with such unanimity of sentiment as in the case of Dreyfus, the Jew.

Even the very air we breathe is being monopolized by the trust. At New York a company with \$10,000,000 has been incorporated to control all patent rights and processes for the manufacture and use of liquid air.

Because the G. A. R. couldn't have first place in the Dewey parade, its leaders became official of what would allow themselves to march at all. It is a matter of much regret on all sides that the G. A. R. will not take part in this big affair.

During the present Republican administration more trusts and other combinations have been formed than in any half dozen presidential terms preceding. The total number of trusts is now 534, with a capitalization of \$8,000,000,000.

MR. G. A. PRENTIS, of Union county, representing the Brown ticket, was in Hartford last Friday, full of an undelivered speech. Owing to the lack of a postnatal audience, however, he was forced to leave in the same condition in which he came.

New York is all beribboned and bedecked with the national colors to greet Admiral Dewey, whose entertainment begins to-morrow. No such elaborate and gorgeous preparations were ever made in this country to greet a man. But Dewey deserves it all. Every American hails this conquering hero, and there is none but who is proud to show the world how we treat a man whom we deserve to honor.

It is announced that Mr. Jarnagin will make a "still-hunt" race for the Legislature this year. Perhaps this is true. Mr. Jarnagin is a pretty good hand at any quiet, "still" business. As evidence of this, just turn to pages 241 and 250, House Journal, and see how very "still" Mr. Jarnagin was when the vote was taken on two very important measures affecting the interests of the voters of Ohio county.

Every big politician has his day, and his political prestige is of uncertain duration. Even Richard Croker, the Tammany horse whose political stronghold was thought to be impregnable, is weakening, and soon no one of our erstwhile great men will be more despised. He is being gradually superseded by John C. Sheehan, who, after his day is passed, will share the obliquity of Croker and be forced to give way to another who will meet the same fate.

MR. R. C. JARNAGIN, the Republican candidate for the Legislature in this county, has always professed himself a great friend of the miners. And yet we find that in the vote in the House on the miners' favorite bill—an act to prevent concentrations or their agents from coercing employees and inducing them not to join labor organizations—Mr. Jarnagin remained silent and did not vote at all. See House Journal, pages 241-242. This is the manner in which Mr. Jarnagin proves his friendship to the miners.

THE NEW YORK WORLD is booming Dewey for President, in spite of the fact that the Admiral has declared in unmistakable terms that under no consideration would he become a candidate for President, that his sentiments lean toward Republicanism and that he is in favor of four years more of McKinley. It would be hard to guess under just what auspices Dewey would become a candidate for President, even he were inclined to revoke his formerly expressed determination to never enter politics.

In making his canvas for the Legislature two years ago, Hon. R. C.

Jarnagin pledged himself to do all in his power to secure a reform in the school board of Kentucky and to reduce the present exorbitant rate. Now, Hon. Dick, did you do this? Did you introduce any such measure, or aid by your voice in the accomplishment of this good work? Nay, verily—we say unto the public you did not. There was, however, a measure introduced in the last Kentucky Legislature known as the China school book bill, whereby a uniform system was to be adopted and the price reduced to an average of \$2.92 for a complete set of school books for every child in Kentucky. On this measure Mr. Jarnagin was silent, not voting at all. See House Journal, page 450. Richard, please repeat and explain.

It is said that those whom the gods would destroy first make them strong. Such being the case, the twin editors of the Hartford REPUBLICAN are in imminent danger of annihilation. Last week THE HERALD published a finger-length article containing an excerpt from the columns of the REPUBLICAN in which it said that "the men who support the (Goebel) election officers cannot be upright and honest men of our best citizens." Maddened at this proof of what THE HERALD had said all along—the REPUBLICAN's only argument is that it fits into a fit of political rabbles, froths at the mouth and comes back at us, as usual, with a column of invective bilinguis. An argument that has no more claim to save civilization and atoms, won't stop itself. The Fox alley tradesmen should remember that it is their own readers and not THE HERALD that suffer from their vile effusions. Evidently somebody down in that direction is bent on making a bigger fool of himself than even nature intended.

THE HERALD AND THE BIG SOLDIER.—The man whom the Goebel crowd powder handled a master-undertaker in the Fox ally Committee, under the nom de plume of "Old Soldier," to take THE HERALD to task for a little item. It contained several weeks ago about the pension committee of the G. A. R., reporting a resolution favoring the abrogation of a certain rule passed by Congress, which would make it more easy to secure a pension.

The most despicable and cowardly

writer is he who puts words in the mouth of an adversary which he never uttered, simply for the sake of argument, or endeavor to construct a sentiment out of the Goebel thoughts expressed. The item which the writer quoted was simply a piece of news and was printed for what it was, without any comment whatever. In this item THE HERALD reported a resolution favoring the abrogation of a certain rule passed by Congress, which would make it more easy to secure a pension.

REPORT TO AN OLD-TIME PLEA FOR A PURPOSE.

Peace in the Philippines a Merit—Cartier's Notorious Case Again Postponed.

DEATH OF CLEVELAND'S DOUBLE.

Special to THE HERALD.

There seems to be a week or two of averting the British to accept the terms and make the most of the situation.

No greater outrage was ever committed by any nation that would be the destruction of this, one of the smallest of the world's few republics. The heart of every lover of liberty goes out to the brave Boers in their efforts to maintain the freedom of their Republic. Great Britain's attitude is without justification and is only an illustration of the power which a strong nation can sometimes wield over a weaker one.

THE NEW COMMISSIONERS.—It has been the boast of those who oppose the Goebel election law—especially the Republicans—that last year's commissioner appointments were simply a "hail" put out to give a respectable appearance to the measure, and that the same fairness which the Goebel election officers would not be indulged in again, for obvious reasons.

These grumblers have been very bold in their assertions that this year the plan would be changed and that the most unscrupulous men would be appointed as commissioners to carry out the election law, thereby giving in their judgment that no guarantee of fairness would be practiced by the election commissioners. The administration has apparently no objection to this charge, as far as the election commissioners are concerned, for they are fully aware that the committee may decide to be contrary to the wishes of the electorate.

The administration has again claimed that the Goebel election law is the fairest in the country, and that the election commissioners were the most scrupulous and satisfactory.

Judge John W. Barr, former United States District Judge, is one of the most distinguished members of Congress and a prominent Republican.

He has been very active in urging the State Board to appoint good men to the election law commission, and the Board concluded it was the best guarantee of fairness.

The administration has apparently no objection to this charge, as far as the election commissioners are concerned, for they are fully aware that the election commissioners were the most scrupulous and satisfactory.

It is the opinion of the administration that the Goebel election law is the fairest in the country, and that the election commissioners were the most scrupulous and satisfactory.

The administration has apparently no objection to this charge, as far as the election commissioners are concerned, for they are fully aware that the election commissioners were the most scrupulous and satisfactory.

Mr. George Weissman, of Irvington, is assisting Mr. E. L. Ballinger in his hardware shop during fair week.

Mr. Eliza Dake, a former resident of Hartford, but lately of St. Louis, Mo., has come to town.

An infant child of Mr. and Mrs. Harry Jackson died Saturday and was interred in the Rockport Cemetery Sunday.

While attending the Fair, if you need anything in the Watchmaking or Jewelry line, patronize Field & Son, 101 Main, on Fair, next door to Rev. Frost.

Mr. J. C. Liles, who has been very ill at her home in Beaver Dam for some time, is reported much improved, but has yet to regain her health.

A man, middle aged man, comes and goes to the Fair, leaving his wife and two sons at home. You know him, don't you? Your ladies, you must come and bring your sweethearts.

W. H. G. carries a full line of Stores, Tailor, Cutler, Casting, Shoe, Nail, and Cookie Utensils. Everything new—price low. C. II at Kitch's stand, Hartford.

Mrs. George C. Moore, who has charge of the new building, the new addition to the Fair, has made a new door, and has placed a piece of old carpet, which she had used in her old home, under the new, and according to her, it had not been disturbed since she took to distract her.

The hung out a new "domestic" that she had worked herself, and when she had put it up, she had a hole beneath the seat. She was left on the seat and made the long trip home again.

T. Powell, Hanes, Tew, writes: Have you seen the new millinery—style advertisement in the Daily Journal? It is a great success.

Remember the date of the Ohio County Fair—September 28, 29 and 30. Great preparation is being made and should be certain to have a few days off and attend this wonderful enterprise.

All the dry goods houses in Hartford which deal in millinery—style advertisements in the Daily Journal, I would not give one package of thread for it, and have heard that it is a great success.

If you miss the Ohio County Fair this year you will miss the theater of your life. The management is sparing neither time nor money to make the coming

in white, and the colors worn were the ones of the Fair.
